

GET A GAS FIREPLACE TUNE-UP AND REKINDLE THAT OLD FLAME.

Did you know a natural gas fireplace can cost-effectively heat up to 1,000 square feet of living space? **Save \$50** off your next tune-up and cozy up to the savings.

GET MORE OUT OF YOUR NATURAL GAS FIREPLACE.

Direct-vent natural gas fireplaces are super easy to use, provide efficient heat with just the flip of a switch and can even help cut down your heating bills.* Plus, you can get your natural gas fireplace tuned up for less, with a \$50 rebate from Washington Gas.

COMFORTABLE AND CONVENIENT.

- **Energy savings.** Natural gas fireplaces can heat up to 1,000 square feet of living space at a reasonable cost.
- **Increased comfort.** A direct-vent natural gas fireplace keeps your home warmer and avoids chimney drafts, unlike a traditional fireplace.
- **Versatility.** Direct-vent natural gas fireplaces come in a variety of sizes and styles and can be installed in any room.*

TUNE UP YOUR GAS FIREPLACE AND SAVE.

Turn down your thermostat and use your gas fireplace as a room's main heat source to help lower your utility bills. To qualify for the rebate, the tune-up must be performed by a participating contractor.

ELIGIBLE EQUIPMENT	EFFICIENCY REQUIREMENT	REBATE
Direct Vent Gas Fireplace Tune-Up	Minimum 70% AFUE†, Electric Ignition	\$50

GET YOUR REBATE IN JUST THREE STEPS.

1. Find a participating contractor at WGSmartSavings.com/Contractor.
2. Have your participating contractor install your qualifying natural gas fireplace or perform your natural gas fireplace tune-up.
3. Your participating contractor will submit a rebate application on your behalf.

FINANCE YOUR NEXT ENERGY EFFICIENCY PROJECT.

You may qualify for low-interest loans for recommended energy-efficient improvements. Visit cealoan.org for details.
