

We'll Customize Our Incentives for You.

Every business needs something different. The **Custom Business Solutions Program** provides financial incentives for energy-saving upgrades that fit unique needs, including:

- Building automation systems
- Industrial processes
- Innovative solutions to reduce gas consumption
- Retrofit and retro-commissioning projects
- Sequenced equipment
- And more!

Qualifying customers can get incentives of up to **\$3.00 per therm**, totaling **\$100,000 or more** for each project.

This program is available to qualifying non-residential customers, including commercial, industrial, governmental, institutional and nonprofit organizations. For full eligibility requirements, visit WGSmartSavings.com/VA-Custom/Program.
