

# ENERGY SAVINGS FOR SMALL BUSINESSES WITH BIG DREAMS.

Every small business has its own unique needs. That's why Washington Gas offers several targeted, energy-saving solutions for Maryland small businesses. See which of these make sense for you:

- **Small business furnace and rooftop unit tune-up**  
Extend the life of your heating system, improve performance and help prevent costly breakdowns. Our incentives help cover the cost. Tune up now for ongoing savings.
- **Smart thermostats**  
Take advantage of our rebates on smart thermostats and adjust your business's heating from anywhere. You could save as much as 10% on heating costs.
- **Tankless water heaters**  
Enjoy hot water on demand, help lower your energy bills and free up space with efficient tankless technology. Our rebates save you money up front.

- **Spray rinse valves**

Upgrade your rinse valve now for instant savings on water and energy. This cost-effective upgrade is perfect for restaurants and cafés.

## INVESTING IN ENERGY EFFICIENCY IS GOOD BUSINESS.

Beyond saving you energy and money, improving the reliability of your equipment means less downtime from equipment failures and repairs. Better yet, you can put the money you save right back into your business.
